***Election/Restrictions***

1. The election requirement of the previous Office action is withdrawn. All pending claims have been considered on the merits and are found to contain patentable subject matter.

In view of the above noted withdrawal of the restriction requirement, applicant(s) are advised that if any claim(s) including all the limitations of the allowable claim(s) of this application be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 44 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

**REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance: The primary reason for allowance of the claims is the claim limitation for an image capturing that satisfies the inequality expressions in the independent claims, in combination with all the other claim limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
